

## Freight & Removals Scheme Statement of Fact

### Important information:

The Insurance Act 2015 requires that you make a fair presentation of your risk.

The questions in this statement of fact are designed to guide you so that you know what information we have collected to underwrite your risk. It is not an exhaustive questionnaire and cannot cater for every possible combination of circumstances. Where we have not asked a direct question about a business activity that you undertake, which is relevant to this insurance, then providing you give us sufficient information so that we can make further enquiries of you, then the information you have provided to us will still represent a fair presentation of your risk.

You must tell your insurance broker as soon as possible if any information you have provided that we have detailed below is no longer correct as failure to notify us of changes to your business which means that the information you originally provided no longer represents a fair presentation of the risk may invalidate the cover. You should not wait until the next renewal date.

When you get your schedule and policy please read them carefully. Make sure that they meet your needs. If you have any queries or any information in the policy or the schedule is incorrect please contact the insurance broker that arranged this policy on your behalf.

If you notify your insurance broker of any errors in this statement of fact or any documents that form part of your insurance policy we will reissue the incorrect pages.

*Please keep a record of all of the information supplied to your insurance broker for the purpose of entering into this contract including copies of letters and notes of telephone calls.*
